Roger Leslie, an award-winning author and teacher, is widely recognized by school districts, state universities, and national education groups for his original and dynamic techniques. Success Express was inspired by his own personal struggle with depression as a teen and his passion and respect for the limitless possibilities in the young people he now works with every day. He is also the author of Library Programs that Inspire and Drowning in Secret, a novel. He is a YA book reviewer for Booklist.

My husband, who happens to be my High School Sweetheart and I were blessed to be taught by Mr. Leslie!! His words he taught us are still used today.

I bought this for my son who is struggling with motivation. This is more of a workbook. I was looking for something to inspire him. He did enjoy one short story with in the book, but lost interest pretty quickly with the rest.

Great Book! It was very helpful when talking with my students. The activities were fun, challenging and inspiring. My students enjoyed and learned from the activities.

Would Gladly purchase again!

getting her to read it is another thing.....

I work with young adults. I like to use activities and love having resources where the activities are explained and provide a learning experience for teens!

I am very happy with this book I will be using it in my consumer education class that I teach to Seniors in high school. Great resource.

Not a good source.
