Schneider, William & others. *The Art of Pastel*. Walter Foster: Quayside. 2010. 144p. illus. ISBN 9781600581953. pap. \$19.95. ART INSTRUCTION Pastel is a deceptively simple medium, rich in flexibility but very easy to turn into mud. Three accomplished artists each present an original take on the medium, with Schneider featuring a mostly realist approach; Marla Baggetta, impressionistic and abstract methods; and Nathan Rohlander, oil pastel. All offer useful vignette images of details within each project. This is a comprehensive guide for beginners. - Library Journal, November 15, 2010

Marla Baggetta has been a self-employed, professional artist since 1983. She currently lives in Oregon and holds painting workshops. Nathan Rohlander's bright, vibrant paintings have been featured in the pages of *Esquire* and *Shuz* magazines, on the cover of *Coast* magazine, in Super Bowl commercials, in numerous television shows, and even in MTV videos. Having graduated with honors and a fine arts degree from the Art Center College of Design in Pasadena, California,

Nathan is currently working toward a master of fine arts at California State University, Long Beach. Nathan lives and works in Los Angeles, but he has spent considerable time in Europe, South America, and Asia, where he has been able to gain creative inspiration and refine his global perspective. Nathan's work is featured in two Walter Foster Publishing titles: Acrylic: Still Lifes, in the How to Draw and Paint Series; and in The Artist's Source Book: 80 Acrylic Painting References. Nathan lives in Los Angeles, CA. William Schneider's oil and pastel artwork has appeared in numerous publications, and he is a member of several artists' associations. He lives in Illinois with his wife and youngest daughter.

Nice pictures

Nice!

This book has a look and feel of a cheap "coffee-table book" and not of a practical guide on techniques as it is implied by its title.

The words are printed right over the pictures, leaving half a page of white. I cannot read this, so the details about pictures are wasted, as are the pictures. This is not corrected by changing from landscape to portrait, or by changing letter size..
