Super cute!

We bought this book for my niece. Her dad speaks Spanish and wants her to grow up bilingual. He and my other brother (who also speaks Spanish) weren't sure about some of the words and said

that as far as the Spanish they knew (they lived in Chile and Argentina for a few years) "perro caliente" didn't quite mean "hot dog." So we think that maybe this book is meant mostly for Spanish speakers in the U.S. Still, it was very fun and we all had a good time reading it. My four year old thought it was hilarious to hear one of his favorite books in another language.

I am an adult trying to learn Spanish and I find it easier to read books made for young children. There are about 32 pages. The pages have simple pictures with a few words or a sentence on most of the pages. I think the book is fun to read for an adult who is learning Spanish.

I thought it was going to be an interactive book like the "don't let the pigeon drive the bus". My son loves every single book he has...except for this one. Actually is kind of boring for a toddler, probably better if the child is older. I will put it away and introduce it again in a few months/years...

this is a really cute book! picture are adorable and the story is funny.

SO cute! All in Spanish, not bilingual. I have the other Paloma book & my children love them! Funny! Relatable! Great book!

Soy maestra y mis alumnos AMAN estos libros!

Great for my daughters as I am trying to teach them Spanish.
