## **Customer Reviews**

This is the book I needed for the specific Power Cooker I own. It gives detailed directions and exactly which buttons to use.

Many recipes to choose from. Love the digital makes it easy can just print out the recipes that you actually want.

This book is very cheap looking. The pictures are just drawings or at least copies of drawing all in black and white.. The items in the cookbook are very out dated ingredients that you cannot find. Some of the recipes are not even complete. I could not recommend this cook book.

Has some easy recipes. Easier to understand the directions after using my cooker for awhile.

Receipts seem ok. Haven't tried any yet. But I made a better looking cook book in kindgerarten. I had to go through book n high light titles to find names

Lots of good recipes. A little of everything and they look fairly easy to prepare.

I have never had so much fun using The Power Pressure Cooker XL Cookbook with my Power Pressure Cooker XL. Your food comes out just as described in the book. I have used some of my own receipes in my Cooker XL and it came delicious. I think everyone should have both of these to cook with almost every day.

Recipes are helpful to use for use with the pressure cooker.
