Practice Exams For The California Civil Surveying Exam

Synopsis

Practice Exams for the California Civil Surveying Exam contains two multiple-choice exams consistent with the California Civil Surveying Exam's format and specifications. Both practice exams cover the topics that appear on the exam and provide additional practice. Consistent with the actual exam, the problems in Practice Exams for the California Civil Surveying Exam require an average of six minutes to solve. Enhance your time-management skills by taking each exam within the same 2.5-hour time limit as the actual exam. Then, evaluate your performance using the individual answer keys. Comprehensive step-by-step solutions demonstrate accurate and efficient problem-solving approaches. Practice Exams for the California Civil Surveying Exam will help you effectively familiarize yourself with the exam scope and format quickly. Identify accurate and efficient problem-solving approaches successfully. Connect relevant theory to exam-like problems efficiently. Navigate through exam-adopted codes and standards confidently. Solve problems under timed conditions.

Topics Covered: Standards of Practice, Equipment and Uses, Field Measurements, Calculations, Data Application, Procedures

Customer Reviews

Peter Boniface, PhD, PLS, is a licensed surveyor in California and an associate professor in the Department of Civil Engineering at California State Polytechnic University, Pomona. He teaches a review course for the California Civil Engineering Surveying exam and consults on softcopy photogrammetry and GPS surveying projects. Mr. Boniface obtained a doctorate in photogrammetry

from London University and a master of science degree in surveying from the University of Natal, South Africa. Allan Ng, MSCE, PLS, is a licensed land surveyor in California and a lecturer in the Department of Civil Engineering at California State Polytechnic University, Pomona. He teaches courses on elementary and advanced surveying, GPS, and photogrammetry and LiDAR digital mapping, and he consults on boundary survey and land development projects. Mr. Ng received his master of science in civil engineering with a geomatics emphasis from Purdue University, Indiana, and his bachelor of science in civil engineering with a land surveying option from California State Polytechnic University, Pomona.
