## Customer Reviews

At Speedy Publishing, we envision our company and publishing arm as being a premier publisher of quick-reference materials, useful reference books, fiction books in all sub-genres and creative non-fiction to both entertain and assist readers worldwide in reading a fun and exciting books and also accomplishing their educational and professional goals. We continually update our products, ensuring accuracy of information, making sure they are fun and entertaining. Our products are always available in whatever format our readers need.

This is a neat little collection of forty puzzles. The font and grids are large enough for aging eyes, but the book itself is comfortably compact and light weight. The clues are challenging, although some of the allusions went over my head, and a few are painfully obvious, sort of like the "stupid answers" category on Jeopardy. Still, I enjoyed the puzzles, and I knew enough of the "trivia" answers to be proud of myself. My only wish (and this applies to the entire industry) is that, for the larger print editions requiring two pages for each puzzle, the printers would place the grid on the recto (right side), and the clues on the verso (left side). Since most of us are right-handed, such a

layout would make for much less in the way of forearm lifting to see the clues.

order these for my son as a gift he likes them a lot

I am tossing this poorly written, anything but relaxing book. I question the type of person who wrote it and really wonder where the logic of the editor was hiding. The clues don't make sense!

Fun and easy crosswords.

It is not that easy as it is for "Just Relax" since I received I have had a hard time on most of the puzzles.

Not relaxing. The clues are so obscure that they do not help in solving the puzzle.

My mom is an avid cross-worder, but she says these are pretty difficult.

OK, but I have had better!
