## Synopsis

Merry Christmas An enchanting Christmas colouring book with 30 beautiful hand-drawn Christmas designs. Festively decorated Christmas trees, delicate snowflakes, fragrant fir branches, Christmas baubles and gingerbread houses are waiting to be brought to life with colour and will bring you hours of Christmas relaxation with the joy of colouring. Get in the mood for the most beautiful time of the year and take a break from all the stresses of the pre-Christmas period. Ã Â 30 detailed Christmas designs. Ã Â Every design on a black background, for gloriously vivid colours. Ã Â All pages are printed one-sided. Ã Â For children, adults and anyone who likes colouring and loves Christmas. Have fun colouring! ## Customer Reviews

The art in this book is nice, I was a little disappointed at the size. 8 1/2 by 8 1/2. Most of people the pictures are fairly simple, so they could be used by adult or older child. The paper is ok, sheets have

pictures on one side and are not perforated. I think we will enjoy coloring this book.

I haven’t had my book very long so I haven’t done much coloring yet; however some of the pictures are larger in detail than what I have been doing and I am ready for a short break from the fine detailed coloring!

I love this book! This is one of my all time favorite coloring book artists. I have every book that she has done so far, and this is my all time favorite! I love Christmas and everything associated with it. This book combines my favorite season with some totally amazing artwork! The paper quality is typical, but what really makes this book special is the artwork. For anyone who loves the holidays, even if you only buy one book, make it this one.

Great product, great price 2 day free shipping with  Prime at my time of purchase made it an even better deal.

Nice coloring book with good sized designs to color. The black background is a nice change from the standard white. This is a great fun Christmas gift for youth.

The Merry Christmas coloring book is so much more that I expected was not sure of the black background but I would buy another coloring book with the black background it makes the picture pop once colored.

The paper needs to be thickeLike the smaller book u can do a page real quick

Book arrived in great condition. I have colored two pictures in the book using super doodle gel pens with minor bleed through. As it is harder for me to see, the images in this book are easy for me to color. The images in the book are not too childish. I would say the images are of more on the traditional line. Very enjoyable to color.
