Love the very large pages, even though there is a minute amount of space on the margins the large page size allows for detailed annotation without overcrowding of the page. The covers also have a rich velvet feel, though the design is a bit pixelated. Overall a perfect purchase for the price, especially if you'll be writing all over it and bending the pages around.

Friedrich Nietzsche is indeed a book that is for broad thinkers and with open minds. He is very challenging.

I found this very revealing.

Loved the book, hated the presentation, cheap made..

This is one of my all time favorite books by Nietzsche. The ideas in it and the range of item analyzed and covered are well worth the price of this book.

As a new customer I was rather apprehensive of purchasing online in general. Many older users are apprehensive. However, the process was easy and quick. The overall appearance of Nietzsche's Beyond Good and Evil brand new, which I appreciate. Look forward to reading. I hope this helps any new online shoppers.

Nietzsche does not disappoint. Neither does the condition of this book. I do wish it were hardcover.

A very dangerous read. One can see why Nietzsche lost his mind.
