The League Of Extraordinary Gentlemen Omnibus

Synopsis

At last, the original two LEAGUE OF EXTRAORDINARY GENTLEMEN epics are collected in a single volume! In this amazingly imaginative tale, Allan Quatermain, Mina Murray, Captain Nemo, Dr. Henry Jekyll and Edward Hyde, and Hawley Griffin, the Invisible Man unite to defeat a deadly menace to London and all Britons! Then, one month later, the skies over England are filled with flaming rockets as Mars launches the first salvo of an invasion. Only our stalwart adventurers can save mother England and the Earth itself.

"Acclaimed comics author Moore (Watchmen) has combined his love of 19th-century adventure literature with an imaginative mastery of its 20th-century corollary, the superhero comic book." "Publishers Weekly" "A sharp-witted gloss on the scientific and sexual obsessions of Victorian society." "Time

Alan Moore is perhaps the most acclaimed writer in the graphic story medium, having garnered countless awards for works such as WATCHMEN, V FOR VENDETTA, SWAMP THING and MIRACLEMAN. He is also the mastermind behind the America's Best Comics line, through which he has created (along with many talented illustrators) THE LEAGUE OF EXTRAORDINARY GENTLEMEN, PROMETHEA, TOM STRONG, TOMORROW STORIES and TOP TEN. As one of the medium's most important innovators since the early 1980s, Moore has influenced an entire

generation of comics creators, and his work continues to inspire an ever-growing audience.

I have been wanting to read this for a very long time and was not disappointed. Love the story and the graphics! The Omnibus edition comes with great additions to the story, and was well worth the extra cost.

Great omnibus. All the main stories of LOEG are here (vol1 & vol2) and some extras. Pretty cool for a TPB.

Buy the book for Hyde...worth admission just for him.

As described

Alan Moore at the top of his game. A joy from beginning to end.

Great comic, the story and art are suburb.

I'm in my sixth decade and I still love a good comic book read. I've owned several copies of these two series. The trouble is, I lend them out to people as an example of how good a "funny book" can be, and I don't get them back. Or at least in the same condition. This excellent hardcover presents the first two stories in the saga of the League. With all the accompanying text, and alternate covers. It's great fun to choose a page at random and try to figure out all the references. Who is that other human on Mars, and who is Dr. Moreau talking about when he speaks about his nephew? Why does one of Nemo's crew members have a black arrow on his back? I could go on and on. Trouble is, and this not a fault of the book, none of the above questions are answered anywhere in these pages. You gotta do the research. Also, I have talked to people who saw the movie, and even some who liked it. The story here bears little resemblance to the film. Personally, I see that as a good thing.

This was a fantastic read by a fantastic author. Definitely worth checking out if you have not read this yet
