Zodiac Stained Glass Pattern Book (Dover Stained Glass Instruction)

Synopsis

Inspired by astrology's sun signs, these original designs offer stained glass artists a treasury of imaginative patterns. In addition to several different patterns for each of the twelve individual signs, this collection includes a variety of designs that spotlight the entire wheel of the zodiac. Perfect for windows, suncatchers, and other glass crafts, these designs work equally well as graphics for print, textile, needlework, and other craft projects. Sixteen pages of color photographs present vivid images of the finished projects.

Customer Reviews

Anna Croyle's career as a stained glass artist began with a gift certificate for a beginner's class from her husband in 2000. She had a natural ability for the craft, and was soon hired as a part-time artisan and full-time designer. Currently, she works on custom, made-to-order windows from her studio in Baltimore, Maryland. Dover published her first book of stained glass designs; and the three that followed.

I love this book. It has awesome patterns. I especially like the fact that there are several patterns for each zodiac. Thank you.
