Picture Window Books is a publisher of children's books and digital products.

Used this for a Pre-K lesson over Community Helpers. Talks about addressing mail & how the mail is sent & received. Perfect book for introducing & teaching young children about Mail Carriers.

My 4 year old is in a service trucks phase. Mail trucks, garbage trucks, UPS and Fedex. He had to have this! A bit thin for the price but he loves it. The graphics are very plain though. Had I seen the inside prior to purchase, I wouldn't have gotten it.

I bought this to go with the Melissa and Doug mailbox. Pages have short sentences, simple and just right for younger children. My child is 3. Great illustrations.

This was a gift for our special needs nephew. It was the perfect book for him! He is obsessed with the letter carrier and the mail truck. Although a board book might have been a better choice.

I knew this book was used when I purchased it. It was more worn than expected. It is the first used book that I have bought that I actually considered throwing away.

I read it in my daycare, the kids loved the story

this book is so cool the pictures take up whole pages my baby loves this book. we play with the melissa and doug mail box right after or during reading time. I adore this book and it brings the concept and sense of community workers and people working together. you learn the different job of mailmen, their routes, what side the steering wheel is on and why and about safety around mail trucks. it's a good book especially if a parent or neighbor is a mailman or anyone the child(s) know. i hope you get to view the inside. the description and summary ON THE BOOK cover is very loose and gives it no justice.

Most small children love interesting cars and trucks, and mail trucks are definitely on that list. If your little one is looking to learn more about mail trucks and how the mail is delivered, "Delivering the Mail" is a great book. It has simple illustrations that draw kids in, and it is written using clear words and language that younger children will be able to understand.
