Adolescent Portraits: Identity, Relationships, And Challenges (7th Edition)

Synopsis

Contemporary cases in development Adolescent Portraits illustrates the contemporary theories and research that surround adolescent development today. The book is a compelling anthology of first-person accounts written by college students. The real-life cases included in the text represent a fascinating, diverse cross-section of contemporary adolescence and cover a variety of issues, including family and peer relationships, eating disorders, self image, illness, and disabilities.

Teaching & Learning Experience Personalize Learning The new MySearchLab with eText delivers proven results in helping students succeed and provides engaging experiences that personalize learning. Apply Developmental Science and Engage Students Interactive online resources supplement case studies in the text to produce a meaningful learning experience for students. Improve Critical Thinking First-person cases enable students to connect research to practice. Explore Research New cases have been added to reflect the most recent theories and research in the field. Understand Culture and Diversity A multicultural approach makes this book both unique and relevant to a diverse undergraduate population. Support Instructors - MyTest, PowerPoints, and an instructor's manual offer additional support for instructors. Note: MySearchLab with eText does not come automatically packaged with this text. To purchase MySearchLab with eText, please visit: www.mysearchlab.com or you can purchase a valuepack of the text + MySearchLab with eText (at no additional cost). VP: 020522282X / 9780205222827

Customer Reviews

This book was assigned for my Adolescent Development class in graduate school. The newest edition includes updates on many of the students. The students are very honest about their experiences and it was enjoyable to read (I can't say that about many of my textbooks). We had lively discussions about the assigned readings and the book could be used as part of a counseling curriculum (What would you say to this client if they shared this information?). I plan to keep this book and use it for reflection (essay) material and possible future assignments when I am an instructor.

This is a required textbook for my Adolescent Development class, but the case studies are interesting and relevant.

Highly recommended! This edition is a nice supplement to the text book "The Adolescent". Very easy to read and many behavioral theories are applicable.

Boring.

perfect book, thank you, great condition, as described.

Thanks

Was looking for a lot more substance than this book had to offer. Full of clichÃ©s.

It was exactly what i needed, and was in better condition than I expected. If i got it and it wasn't a required book, i would have given 5 stars
