Customer Reviews

Minecraft: Legend of the EnderSpider is a fantabulous tale of the beginnings of the EnderSpider.

The King of the Endermen born with the purpose of destroying all spiders. The author writes with a smooth and engaging style that captures your attention and makes you want to learn more.I see here that bullying knows no boundaries, and just because the spider happened to have purple eyes instead of red, that was reason enough for his outcasting.It was only a matter of time before

enderspider figured out his purpose, and although it was to rage war, because he was never accepted as he was as a child spider, he had no issues destroying his own, even his own father. Great story for all Minecrafters!

This was an ok book, but for 2.99\$, it was incredibly short. I would also like to see more development. The ending felt very unsatisfying. Other than that, a somewhat decent although very short book.

This was a great book and I really liked it, I hope lot of other people like it to because I loved it.
