I got one of these books when I first got my babysitting licence, when I was 12. The book included in this kit is chock full of information, and the kit supplies are handy AND cute! My favorite has to be the "Welcome Home!" list. Four years later, the book is looking rather sad, and the kit is all but gone. I ordered a new one, and it arrived in perfect condition. :)

Bought this for my 12 year old daughter. She loved it. Takes it with her in sitter bag on her jobs. She also took advice and went to take Red Cross Babysitter course. Wonderful for those girls wanting to start babysitting or wanting to be a mom's helper.

my daughter feels confident after this guide, includes so many ideas and extras, she really loved it before her first babysitting job.

Perfect for tweeneragers and newcomer babysitters. This helped me a lot and has great supplies and tips. However, this was packaged terribly. It came with a bracelet I ordered and they arrived in an envelope! The corners are all bent and peeling now. The product is perfect, the packaging is horrible.

Book came in bad condition, the bidding on the outside of book was ripped. Bought this book as a Christmas gift for daughter now having to try and repair the damage done.

Perfect little kit to help my daughter start her babysitting business.

Perfect gift for a new big sister! I always try to recognize the existing children in the family when purchasing a new baby gift. This was perfect!

I love this kit so much , it helped me understand what babysitting was. and it came with a book AND kit. that was just superb, the kit is really nice
