Back To The Kitchen: 75 Delicious, Real Recipes (& True Stories) From A Food-Obsessed Actor

Synopsis

Most people know Freddie Prinze Jr. from movies (She's All That, Scooby Doo, Star Wars Rebels) and as one half of beloved Hollywood power couple with Sarah Michelle Gellar. But to family, friends, and co-stars he's always been a terrific father and skilled home cook who prepares delicious meals for his family every night. Freddie grew up in New Mexico cooking with his mother and eating dishes with a ton of flavor and spice from his Puerto Rican heritage. His eggs come New Mexico style, served with from-scratch biscuits and green-chile gravy. His tacos are the real deal: soft tortillas, homemade salsa, filled with steak layered with quick-pickled cucumbers, or spicy fish dressed with watermelon and thai chiles. Now in his family-focused cookbook, Freddie teaches fans to cook his mainstays, the recipes that he makes on even the busiest weeknights, as well as more luxurious date night meals. With personal family photos from Freddie and Sarah's beautiful LA home and Freddie's hilarious stories about the life of an actor, husband, and father in Hollywood, Back to the Kitchen shares more than just recipes. It's an inside look at a beloved movie and TV personality who has acted, cooked, and eaten his way around the world.

Customer Reviews

This book is a gem. FPJ comes off as down to earth and relatable. I loved his dad humor and how much he seems to adore his family. The recipes are easy enough for a beginner, but sophisticated enough that foodies will still enjoy them. My favorite part of the cookbook is how flexible the recipes seem to be. Prinze suggests different options, but let's you know what you can change up to suit your preferences. I know everyone is obsessed with Chrissy Teigen's Cravings, but if you only purchase one, get Back to the Kitchen. I have both and this is the superior cook book.

Fantastic book! Better than I had anticipated. The colors are vibrant, the pictures are crisp and beautiful, and the stories really help to connect you to the food on a deeper level. Not to mention....very yummy looking food, great recipes!

This was on my Christmas wish list after I saw Freddie Prinze on The Chew. Had checked it out from the library for a quick glance and tried a couple of the recipes just to make sure. So pleased when the Kindle price dropped. Now it's in my e-library.

I love this Cook Book! Everything I have tried has been a hit. Very enjoyable reading, excellent pictures, and a lot of good information. He gives you 75 recipes, but the information he gives helps you with your own creations or expanding on his. Thank you Freddie!!

What a great cook book . The book it self is beautiful, very personal with Freddie's story's just a loving family . I am from Albuquerque so I have to same love for green chili . Anyone would love to have this in the home. All kinds of great recipes that are just yummy.

Wow, talk about minimum effort = maximum flavor, Freddie has the key. I haven't bought a cookbook in a very long time, but, I'm sure glad I purchased this one. I even learned a thing or two. Also loved the easy-going prose and family photos.

I have tons of cookbooks, and I really love this one. Every recipe I've tried has been a winner. Loved the pulled pork tacos, and the chicken enchiladas were amazing. Can't wait to try every recipe in this book.

I own/owned at least 8 cook books in my adulthood. Randomly, this is the best one. Every single

thing I've cooked has been delicious and simple enough to make.
