Exactly as advertised.

Excellent value.

Not the most current version. Fingerings have been adjusted in newer versions. Had to order newer version to be in sync in group classes and throw this one out. Might be fine if your teacher does not mind if you use the old fingerings but ours did.

Yes but I thought I was buying the book not the CD. It was my fault for not looking closer, but the ad was somewhat deceiving since the CD & book look alike.

I believe this method to learning violin is very easy.

I think I'd rather buy the book brand new with all the pages in it .

It is confusing. Didn't come with a book.

I love the Suzuki method for my students! I think its easy for students to learn with and helps them understand how to play well.
