Customer Reviews

We already have the French horn book and needed the piano accompaniment for my daughter's solo and ensemble contest. I thought I had the book somewhere but our house was hit by a tornado last spring so I thought it was blown away. I ordered this as soon as I discovered the other one missing. It came quickly and it's exactly as it should be. The French horn solo book is a very good book. It has several different styles and levels of difficulty. My daughter has used it two years in a row for contest and both solos earned her a perfect score. She has grown out of the book, but I highly recommend it for any middle school/beginner student.
