The Bible In World History

Synopsis

What was happening outside Bible lands during the time of the patriarchs, Jewish kingdoms, the prophets, Jesus's ministry, and the early church? Find out with *The Bible in World History*. This pocket-sized, fully illustrated reference breaks biblical and early church history into eight major time periods—from "Creation to the Tower of Babel" through "Anno Domini," the years from Jesus's birth to about AD 330—and shows what was happening in other parts of the world during those times. With references to Chinese, Indian, African, and Mayan cultures, among others, *The Bible in World History* will help you see how history and scripture intersect.

Customer Reviews

Expansive. Illuminating. Colourful. With clear diagrams, pictures, and photos strategically placed throughout, this book is a pleasure to behold. Unlike some encyclopedias, dictionaries, atlases, or similar survey of biblical history, this book packs a wallop without becoming too bulky to carry. Convenient to carry around, the reader will be captivated by the beautiful illustrations, and the clear point by point explanation of the Bible in history. The author's main purpose is to understand world history through the Bible. --Conrade Yap Book Saint 2011-10-29 Believers who are also history buffs will appreciate this side-by-side presentation of biblical and world events. Although pastor Leston is not a history professor, he clearly outlines how Scripture is historically grounded and impacts world culture. --JAW Church Libraries 2012-03-19 From its beautiful paper to its color photographs and illustrations to its detailed maps and timelines, this book is a gem. --AMB Church Libraries

What was happening outside Bible lands during the time of the patriarchs, Jewish kingdoms, the prophets, Jesus's ministry, and the early church? This fully illustrated reference breaks biblical and early church history into eight major time periods and shows what was happening in Chinese, Indian, African, and Mayan cultures, among others.

This is a really interesting overview of the Bible, and how it can help to interpret the events of ancient world history. It is also about what was going on in lands that are not mentioned in the Bible, during biblical times. Both the Old and New testaments are explored. And brief histories of countries like India, China, and Greece are covered.

Thank you for opening my eyes to so much I just did not get the context of. I wish you would write another book with historical references taking the message of salvation through the rest of history to the present from where this book left off. And how to apply the message to today. Wow, This book is spectacular! If I was rich I would donate it to every bible study in every church and to missionary people to give out with the bible. It is a stand alone or a companion book to the bible that lets modern people understand the history at the time and events of the bible. So if you love history you can read it stand alone. The book is well written, concise and informative. I agree with another reviewer I would like to have a set on each chapter of the bible by this author. I cannot recommend this book enough to Christian's and non Christian's alike.

4 stars for being well written and very engaging. A greater understand of how and what God was doing in and with other nations around the nation of Israel as it entered the land promised, struggled in disobedience while in the land and how He moved nations in order to return them from exile. For a subject that could have taken volumes to discuss and apt to be scholarly dry, I was compelled to read cover to cover. The authors love for God and His holy word is very evident in this book. Why not 5 stars? The author puts forth the traditional views on the doctrines of Original Sin, depravity and Penal Substitution Theory, of which I highly disagree with. Also high praise for Augustine of Hippo, which would explain my disagreement with the doctrines I mentioned. These objections are minor to the overall content in the book and I would still purchase if I knew it before hand.

I purchased this book for my dad for Christmas last year and so far he has read it a total of 3 times

because it is packed full of information that he can use while teaching bible class. I started reading it to my 14 and 12 year old girls and we just find it so fascinating to be able to put the pieces of the bible along side other events in history!

Great deal

I use this as a extra for homeschooling in our World History course. Fantastic for the kids to learn what was happening in the Bible along side world events and to know that the Bible was a real time events happening not just a book about God. Highly recommend!!!

At last, a guide that goes hand in hand with the Bible and explains what the world was like at the time of the writings. I love it and would recommend it to anyone who wants to know what was happening.

It was a little more centered on Bible history. I was looking more for a book telling about what was going on in the rest of the world during Bible events. Good and informative book though. Short, quick read.
