I love listening to stories while sewing. It's very captivating and makes me think about my walk with God.

Enjoyed this series and this makes it seem so real and that I am actually there-Amazing! I wish I had the rest of it

I am really enjoying the Left Behind: The Kids Live-Action audio series. Well-acted and every episode has captured my attention. As an adult, one of the reasons which drew me to the audio series is because LaHaye and Jenkins intertwines the Left Behind universe and its characters together, so if you are reading or listening to the audio series of Left Behind, I highly recommend listening to the Left Behind: The Kids for a little bit more in-depth coverage of recurring characters. In

this first volume is the introduction of the four individuals. Judd, who was on the plane which Rayford was piloting when the disappearances occurred. Vicki, a goth teen who makes fun of people of religion (her parents are religious), Lionel, who's mother works with Buck and Ryan, who was best friends of Rayford's son. Their families are gone because they didn't believe and now they are left behind. The focus of this first volume is how the four getting to know each other, learning to live with each other and get along with each other as well as help one another with the help of Pastor Bruce Barnes. The first volume focus on how the four came to be believers of Christ. As an adult and fan of the "Left Behind" series, I find it awesome how much this series is intertwined with the LB series and you get to know more about the supporting characters of LB through "LB: The Kids". Highly recommended for children and adults!

The rapture has happened. Judd, Vicky, Lionel & Ryan are left behind. These 4 CDs are based on the 1st 4 books of the series as Judd, Vicky, Lionel & Ryan band together dealing with: being left behind; becoming Christians; getting used to each other; & the consequences of the rapture that start happening in the world. The CDs are dramatised and really make the stories come to life. Highly recommend, particularly if you are a fan of the left behind series. You'll want to listen to them over and over again!

Each collection is excellent. The sound effects and acting really bring the books to life. We have listened to all 3 editions (12 cd's in all) and can not wait to hear the fourth. The adults in our family have read and listened to the adult series and even we are enjoying the childrens. Age appropriate for any child in the family. A wonderful tool for opening up discussions about God, Christ, love, Death, life, character and much more.

real life, children can enjoy this, it almost like watching a movie, great

What a great gift for teens. The actors are great, sound effects are well done and the music is absolutely terrific! What a great evangelism tool.
