Customer Reviews

Jeremy Harmer has taught in Mexico and the UK where he is currently an occasional lecturer at Anglia Polytechnic University. He has trained teachers and offered seminars all over the world. A writer of both course material and methodology, he is the author of methodology titles including How to Teach English (1998), The Practice of English Language Teaching (3rd edition 2001) and How to teach Writing (2004) - all published by Pearson Education Ltd. He is the General Editor of the Longman methodology list and hosts a teacher development website at <http://www.eltforum.com/>

I used this book for my month long intensive CELTA course. It is full of a lot of really great information to the CELTA methodology of teaching English as a foreign language. It helped prepare me before the course, and was a really good aide during the course for my assignments. Jeremy Harmer gives a lot of really good advice in this book, and in his others. I definitely recommend getting this book if you are about to start the CELTA course and want to prepare what you're getting into.

Great purchase

The book itself is quite useful as it was a great start to my CELTA course. There book has a bunch to talk about teaching several types of language skills- reading, writing, speaking, etc. Also covers a lot of useful info for beginners who are learning to teach ESL/TESOL/TESL. I would suggest the book as a starting point.

A very good outline of classroom skills and teaching theory. The videos are a very helpful aid to see TESOL teachers in various classroom settings and discussing their methods with Dr. Harmer.

Seems like informative book

Good book that really breaks down teaching and teaching English into easy terms for the beginner. Each chapter uses bold face type to identify the different teaching and grammar terms. Nice easy to use conclusion at the end of each chapter. There is a great "WHAT IF" chapter at the end that really explains how to handle the difficult and unpleasant sides of teaching!!!

This version is little smaller than the original one but it makes it easier to carry. It's good quality for the price.

A very thorough, readable reference for CELTA courses and ESL teachers generally.
