Customer Reviews

The original! Has stories and concepts from the founders of what probably can be said is the greatest spiritual movement of the twentieth century. Just as relevant to any suffering addict in the present day.

Review not relevant at all. Analogous to being asked to review the bible. This is the foundation text for the sobriety and recovery of so many alcoholics. Those of us who live by it happily and well commend it to you should you ever have need.

I need this book and after downloading it I discovered it is missing a lot. I am disappointed as a result. See a VISION FOR YOU as an example.

Also, I would recommend this version to anyone who wants to have a copy of the AA Big Book on their tablet or smartphone.

There's a lot of wisdom in this book, as well as "applied spirituality", which other alcoholics, not unlike yourselves, have found useful in bringing them back to sanity. I know so, because it helped me.

2nd Edition with page numbers. Works for me:)

Page numbers don't match any big book, but the text saved my ass. Kindle on my mobile is great! Always have my phone in my pocket.

This book describes in a simple and powerful way how men and women, doomed to die from their addiction, found a way out. It works if you work it, always.
