More recent books include *The Global Debate over Constitutional Property: Lessons for American Takings Jurisprudence and Property and Community* (with Eduardo M. Penalver). He is co-author of the most widely used property casebook in the United States (with James Krier and Michael Schill). His articles have appeared in such journals as the *Columbia Law Review*, the *Stanford Law Review*, the *Michigan Law Review* and the *Cornell Law Review*.

GOOD PRODUCT, FAST SHIPPING, THANK YOU

This is my favorite text book this semester. The book does an amazing job at explaining hard concepts with notes before just jumping right into the cases. It also provides problems and answers which are a must for property!

This book is FULL of crazy 1L highlighting and notes that are so unnecessary to the material. Not worth the money. The pages are nearly illegible.

Typical legal academics at work here. They include some poorly edited cases; some esoteric law articles; the answers to practice questions either pose another question for the student or direct the student to read a case that is not included in the book. Instead of helping navigate the incredibly difficult course of property, this book merely creates more work for you, while lining the pockets of some elitist legal scholars who did nothing but copy and paste a bunch of work already written for

them. Typical casebook.

Shipped promptly, arrived promptly. Saved me a lot of money. Condition was accurate and exactly as advertised. Great price.

For some reason this book just does not hold up well. Spine came off of mine within just two months. I don't know anyone in my class whose book held up. Must be a manufacturing defect.

The paper is awful-you can't use any kinds of highlighter on it, it will leave mark on the other side of the paper. It's really too expensive to have this bad paper quality!

Arrived on time and as advertised. Thanks.
